

WILL YOU PASS THE TEST?

In compliance with Philadelphia Fire Prevention Code requirements, all cut trees and combustible materials in displays (including background and drapes) **must** be treated with an approved flame retardant chemical in accordance with National Fire Protection Association Standard 701. (Any chemical you use must have that number on its label.)

Note: Fabric must be **dunked** in fire retardant; spraying will **not** suffice.

Two local sources of fire retardants are J. B. Winder Fire Equipment, Inc., 1747 Easton Road, Willow Grove, PA 19090 (215-659-2737)—Inspectashield and Flameout 2 (pick-up only; no shipping available); and Philadelphia Theatrical Supply, 231 N. 12th St., Philadelphia, PA 19107 (215-627-1225)—Rosco Flamex. Contact the suppliers for current pricing and details.

You will be required to sign a statement indicating that you have complied with this regulation.
